KRAL ARMS produces shotguns, air rifles, pistols and rifles in 18.000 square meter production facilities with more than 250 employees. We use the highest technology with manual labor to offer you the best quality.

The production within the border of KRAL includes machining of wood, machining of metal parts, injection molding, metal injection, mold making welding engraving, barrel drilling & barrel manufacturing, laser marking, laser engraving on wood & metal parts, camouflage coating, assembly, quality assurance testing, test shooting, etc.

KRAL ARMS is an export oriented factory and exports 99.5% of its products more than 90 countries around the world. KRAL ARMS products with their very good quality and competitive prices receive a very well acceptance all around the world. KRAL ARMS has ability and background to produce any type of gun in house. Our mission is to produce the better for more affordable. Like for the last 28 years as long as the world exists we will continue to serve for you.

KR9 SERIES

Elegant - Ergonomic - Lightweight

Power and Lightweight Excellence

Renowned for its striking design and impressive performance, the KR9 Pistol stands out with its compact size and robust structure. This pistol, distinguished by both its weight and durability, is poised to be the choice for those seeking portability and reliability.

Technical Details:

Weight: With a mere 480 grams of empty weight, the KR9 Pistol maximizes carrying comfort. Its loaded weight is only 624 grams, ensuring that it maintains powerful performance despite its lightweight design.

Durability: Despite its compact size, the KR9 Pistol is ambitious in terms of durability, crafted from special alloy materials. This feature provides long-lasting and reliable use.

Portability: With its extraordinary lightness and compact size, the KR9 Pistol adapts to every lifestyle. It can be easily carried in your pocket, bag, or a specially designed carrying case.

Safe and Swift Usage:

Quick Firing: The KR9 Pistol ensures your safety in emergencies with its quick-firing capabilities.

Secure Usage: The easily accessible safety mechanism is designed to prevent accidental discharges. With its secure usage, the KR9 Pistol provides users with an additional layer of assurance.

The KR9 Pistol is a standout firearm with powerful performance and lightweight construction. With its eye-catching design and bearing the name KR9 Pistol, it is an ideal choice for those seeking both carrying comfort and reliability. Enjoy the taste of freedom while prioritizing your safety with the KR9 Pistol.

Special Edition Blue

Kral Arms keeps its tradition of providing custom finishes and features that stand out in a crowd. Making a statement above and beyond the ordinary, Kral Arms Special Editions offer striking aesthetics and custom features. The gemstone collection features polished PVD-finished slides and small parts. Slides are accented by intricate cut-scroll engraving and topped with tritium night sights. Coordinating grips are slim, reducing the width and accommodating smaller hands. With Kral Arms, performance and reliability are not compromised when unique finishing details are desired.

One-Piece Bolt

Adjustable Trigger

STOCK

The ergonomic stock made of selected Turkish Walnut is designed for accurate and comfortable shooting.

60 DEGREE BOLT

60- degree bolt lift is short compared to typical 90- degree bolt throw. Allows faster loading on follow-up shot.

SAFETY

The safety has 2 stages. At the first stage it is off and the rifle can fire. At the second stage, the trigger is disengaged, the shooter can not load or unload the rifle.

MONOBLOCK RECOIL LUG

The monoblock recoil lug inside the receiver increases strength and structural integrity.

ADJUSTABLE TRIGGER

Two-Stage, Adjustable pull weight 0.8kg to 2.0kg (1.76lbs to 4.40lbs)

BOLT

The one-piece (monoblock) steel, two-lug locking with 60-degree throw.

Kr 22

.22LR Semi Automatic Rifle

Precision You Can Trust Performance You Can Feel

The KR22 symbolizes Kral Arms first production in the .22LR caliber, offering a perfect combination of precision and performance. With its refined engineering and pinpoint accuracy, the KR22 ensures every shot lands exactly where you aim. No matter what if it's for target shooting, small game hunting, or training, it stands as the ideal choice for shooters of all levels. For those looking to perfect their shooting skills, the KR22 provides a flawless experience.

Its lightweight and ergonomic design makes the KR22 comfortable to handle, even during extended use. The compact build not only makes it easy to carry but also enhances mobility, delivering top-notch performance in both open fields and tight spaces. Paired with Kral Arms' renowned durability, this rifle is a reliable companion in any challenging environment.

Carefully engineered for consistent operation in all conditions, the KR22 allows for fast, reliable, and accurate shooting. Whether you are at the range, out in the field, or in hunting grounds, the KR22 will be there to exceed your expectations. As Kral Arms first entry in this caliber, the KR22 redefines the boundaries of precision and engineering excellence.

The Perfect Balance of Power and Precision

Engineered for trap shooting excellence, the **KRL-SPORT** stands out with its innovative features. It boasts an adjustable cheek rest and stock, allowing precise customization for the perfect shooting stance. The 76 cm barrel, integrated with cooling ports near the muzzle, efficiently reduces both heat buildup and recoil, ensuring smoother follow-up shot. The 10 mm rib height provides enhanced sight picture, giving you an edge when tracking fast-moving clay targets. With its emphasis on adjustability and recoil reduction, the **KRL-SPORT** offers a clear advantage over traditional trap shotguns, making it the preferred choice for serious competitors.

KRX

Every Trigger Pull, A New Victory

This proven magazine fed 12 gauge shotgun stands out in the field with its exceptional versatility and performance. With 2, 5, and 8 round magazine capacities, it adapts to various scenarios effortlessly. Its lightweight, high-quality plastic stock provides superior handling, making it ideal for extended use. The muzzle break system significantly reduces recoil, ensuring better control and faster follow-up shots. Available in 47 cm and 51 cm barrel lengths, it delivers precision in every shot. Trusted by users in various environments, this shotgun has earned its reputation for reliability and power.

AIR RIFLE OPTION IN

DETAILS

- Left Side lever action, pre-charged pneumatic (PCP) air rifle.(Left Handed)
- Available in .177 (4.5mm), .22 (5.5mm) and .25 (6.35mm) caliber.
- 200 Bar 105 cc volume aluminum air tank..
- Up to 56 shots in cal .177 // 48 shots in cal .22 // 40 shots in cal .25 (From 250 bar to 100 bar)
- Externally adjustable power.
- 1/2" UNF threaded muzzle for additional detachable sound moderators.
- Detachable 14-shot magazine in .177 (4.5mm), 12-shot magazine in .22 (5.5mm) and 10-shot magazine in .25 (6.35mm).
- Adjustable 6 – Stage (back&forward) moveable tactical stock.
- Adjustable five stage (up&down) and two cm moveable (back&front) soft buttpad.
- The 11-22 mm PICATINNY RAIL system is in accordance with the MIL SPEC standards. Scope or various accessories can easily be mounted and customized.
- Adjustable trigger pull weight.
- Adjustable trigger shoe in four directions; right, left, up and down.
- Manual trigger safety.
- Kral-built choked, rifled barrel
- Available in High Quality black synthetic stock.
- * Velocity results may vary as much as 20% due to pellet weight, pellet shape, temperature, elevation, as well as other factors.
- *Maximum velocity can verify as per regional requests.
- * Below power results are tested with (Cal .177 - 8.44 grain // .22-1.175 grain // .25 - 1.645 grain)
